# Access-all Licensing Plan (ALP)

Video-based training for inclusion, leadership, teamwork and well-being

“

We are passionate about working with like-minded organisations and individuals who share our belief that business and individual success, now and in the future, comes from creating a better workplace where everyone can bring their authentic self to work, every day.”

**Bryan De'Ath,**  
Founder and CEO,  
Skill Boosters

## Why Skill Boosters?

Skill Boosters video-based training is designed to address meaningful workplace challenges in areas such as equality, diversity and inclusion, and leadership and teamwork.

Our fast-growing catalogue of off-the-shelf video-based online courses delivers learners access to internationally renowned experts, compelling drama scenarios, real people talking about their lived experience, and thoughtful explanation of key learning points.

Through our content, our goal is to:

- support managers and leaders to succeed by being dynamic, inspirational, self-aware and fair
- enable teams to be inclusive, productive and successful
- empower organisations and individuals to tackle bullying, harassment and discrimination
- enhance business and personal resilience and well-being.

Engaging and effective video-based training featuring leading experts, contemporary drama, lived experience, illustration and explanation

“

We do know that these small behaviours that we display can make people feel part of a team or can make them feel excluded, and we also know that where people feel more included in a team, their productivity is higher, they're more motivated, they're more engaged.”

Prof. Binna Kandola OBE, Pearn Kandola LLP

# Skill Boosters Access-all Licensing Plan (ALP)

## What is an ALP?

Access-all Licensing Plans (ALPs) are the flexible and cost-effective way to access the entire Skill Boosters catalogue of high-quality, video-based training courses and resources. For a great value annual subscription fee, based on the size of your organisation or region, you get 12-months' on-demand access to all Skill Boosters courses and resources via our online Members' Resource Centre (MRC). Use as many of our short films, courses, videos and trainer packs as you need. The subscription includes updates and new releases. Our online courses work with all Learning Management Systems (LMS) and across PC, tablet and smartphone. Download video files of our short films, course lessons, lived experience and drama scenarios to use in the classroom, on the shop floor or out in the field.

“

If you would like to preview any of our courses or discuss our flexible and cost-effective licensing plans, email [petes.team@skillboosters.com](mailto:petes.team@skillboosters.com)”

Peter Thorpe, Head of Business Development, Skill Boosters

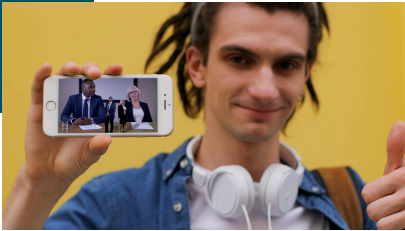

## What is the MRC?

The Members' Resource Centre (MRC) is the online platform from which organisations subscribing to a Skill Boosters Access-all Licensing Plan can preview, stream or download our courses and resources. Administrator access to the MRC is granted to 5 – 10 HR and training decision-makers. Once you download Skill Boosters content, it can be delivered via your Learning Management System and intranet, and used in presentations and workshops. The MRC is not designed for use by individual learners, employees, or persons other than nominated administrators. We do offer a learner-facing version of the MRC, MySkillBoosters.com, as a bolt-on service to an ALP.

# What's on the Members' Resource Centre?

The Members' Resource Centre provides you with instant access to preview and download all Skill Boosters online courses, films, trainer packs, learner notes and other useful items.

## Online courses

100+ courses and micro-courses available for instant preview and download.

## Film library

● 60+ short films ● 100+ lived experience videos ● 250+ drama scenarios ● Internal marketing resources ● All individual lessons from our online courses and micro-courses.

## Trainer packs

All-in-one resources for trainers including a customisable PowerPoint presentation, engaging videos and trainer notes.

## Learner notes and topic guides

Downloadable .pdf documents to support key courses.

## Learning Management System assets

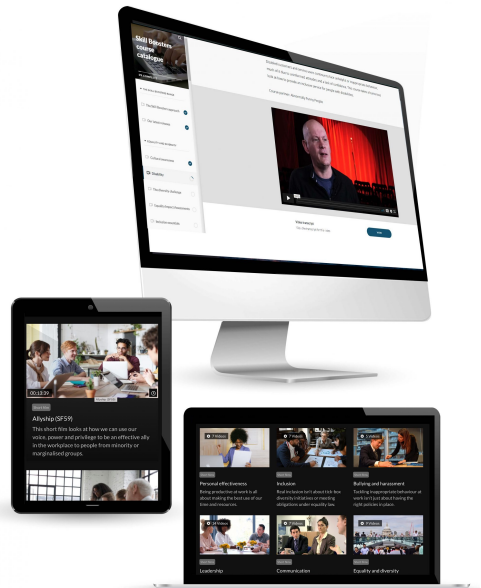

Image library, course descriptions, learning objectives and course durations for use on your LMS.

## Learning journeys

A growing set of suggested learning journeys with links to course landing pages.

## Newsletters

Regular newsletters tell you about new releases, updates, awareness days and popular downloads.

## Events calendar

Look up awareness days linked into our course landing pages. (Coming soon)

## Webinars

Join live webinars with our content writers and subject matter experts.

# MySkillBoosters.com

MySkillBoosters.com is our new online platform designed for self-managed learning. Available as a bolt-on service to your Access-all Licensing Plan (ALP) subscription, MySkillBoosters.com is a website where your people can self-register to access all Skill Boosters courses, micro-courses, short films, lived experience videos and learner notes - at a time, place and pace to suit them.

“ The Skill Boosters membership community has been telling us that they'd love to have a learner-facing facility like our Members' Resource Centre (MRC). We were listening! You can think of MySkillBoosters.com as our Learners' Resource Centre. Much of the content mirrors that on the MRC except for the resources specifically designed for use by HR and training professionals.”

Haviva Yanover, Development and Partnership Manager, Skill Boosters

## Features and benefits

- MySkillBoosters.com is perfect for your learners who wish to broaden their knowledge and skills in the areas of Inclusion, Well-being, and Leadership at their own pace.
- It allows learners to discover important but non-mandatory topics that they may not otherwise access.
- It benefits your learners who may wish to explore sensitive topics that they might not otherwise request access to.
- Access 24/7, whether in the office, at home or off-site.
- It is an excellent solution for when remote staff are unable to access internal Learning Management Systems.
- Learners get the YouTube experience in that they can search for films on a topic of interest and create a 'watch later' playlist.
- It can reduce Learning Management System costs.
- Your focus/network groups can locate items covering Disability, Race, LGBTQ+, etc.
- Learners can follow your organisation's 'awareness events calendar' by searching for relevant topics on the day.

## Need a Learning Management System?

For clients who don't yet have a Learning Management System or are thinking of changing providers, Skill Boosters offer VinciWorks 'LMS Basic' and 'LMS Pro'. Manage and track your learners' course enrolments, learning progress and quiz scores. 'LMS Pro' includes additional features such as nagware, customisable emails and certificates.

### VinciWorks LMS Basic

- Administrator access to manage all users and course enrolments

- User course tracking
- Flexible dynamic reports

- Personalised customer support and setup

### VinciWorks LMS Pro all basic features +

- Nagware to automatically chase non-compliant staff
- Smart groups to automatically enrol people in appropriate courses

- Upload third-party courses (SCORM compliant)
- Customisable emails and certificates

- HR System Integration (extra cost)
- Active Directory Integration (extra cost)
